

International Dot Day Project Due Wednesday, Sept 16th

On September 17th, Lee Woodard students will be joining over 3,000,000 people in more than 108 countries to enjoy International Dot Day, an event begun in 2009 to celebrate creativity, bravery and collaboration with an emphasis on "making your mark and seeing where it takes you". We would like to invite you to join in our creative effort by taking this ordinary dot and transforming it into something else. After all, a dot is just a dot unless it is a What will your dot become? Who will you collaborate with (family, friends, colleagues, etc.)? Be as creative as you can and use any materials you please (fabric, paint, construction paper, pipe cleaners, etc). You MUST use the size of the dot as it is on this paper -- We look forward to seeing your creative project!! Return your project to us by **Wednesday, Sept. 16 or sooner!**
